Education

Portland State University — **Portland, Oregon, USA**
Ph.D. in Mathematical Sciences — *2024 (Expected)*

Portland State University — **Portland, Oregon, USA**
M.S. in Mathematics — *2020*

Portland State University — **Portland, Oregon, USA**
B.S. in Mathematics, Magna cum laude, Departmental honors — *2017*

Research Interests

My primary research focus is numerical methods for partial differential equations. Specifically, I am working on a finite element method using nonstandard meshes incorporating cells with curved edges and holes, using ideas from virtual element methods and boundary element methods. I also have experience in numerical optimization and high performance computing.

Positions

Research positions

Fariborz Maseeh Dept. of Math. & Stats., PSU — **Portland, OR**
Research assistant — *2016–2024*
Advisor: Jeffrey Ovall

Lawrence Livermore National Laboratory — **Livermore, California**
Computing scholar, summer internship — *2022*
Mentor: Julian Andej

Argonne National Laboratory — **Chicago, Illinois**
Givens associate, summer internship — *2021*
Mentor: Richard Tran Mills

Education positions

Fariborz Maseeh Dept. of Math. & Stats., PSU — **Portland, OR**
Graduate teaching assistant — *2019–2020*
Supervisor: Andy Flight

Computing Skills

Python, MATLAB, C, C++, Wolfram Mathematica, MS Excel, LaTeX, git, Linux, MacOS, MS Windows

Awards and Honors

NSF Research Training Group Graduate Fellowship (2022–2023): National Science Foundation

Excellence in Remote Teaching Award (2020): Fariborz Maseeh Dept. of Math. & Stats., PSU

Level III (Master) Tutor Certification (2019): College Reading & Learning Association

F. S. Cater Prize (2019): Fariborz Maseeh Dept. of Math. & Stats., PSU

Christine and David Vernier STEM Scholarship (2016): PSU College of Liberal Arts and Sciences

Oregon NASA Space Scholarship (2015): Oregon Space Grant Consortium
